MEMORANDUM FOR: AFD PANEL**SUBJECT : Termination of AFD Projects**

1. It is requested that the AFD Panel take all action that is necessary for the orderly completion of Project-44. No interest has been shown in this project since the Target Location Aid Kits were completed and instruction was given in their use by the contractor. The kits are available from the warehouse for the use of the operating and area divisions.

2. It is requested that the AFD Panel take all action requisite to the termination of Project-89. The transistorized audio surveillance kits have been delivered to the operating group of ASD and were accompanied by carefully prepared instruction manuals. No further development is planned for these kits and they may be ordered from the contractor if more are needed in the future.

3. It is requested that the AFD Panel terminate Project-99B in view of the fact that its development has been completed and because the finished time signal rudies have been included in the Target Locations Aids Kit. No further work is planned at the contractor's facility and no further interest has been shown by the operating or area divisions.

4. It is requested that the AFD Panel terminate Project-145. Two hundred plastic microphones have been delivered by the contractor and final specifications have been sent to the Agency by him. Further orders for this special plastic microphone can be made through the Washington representative of [redacted]
